

The diagram shows a U-shaped container. A vertical line runs down the center. A horizontal dashed line is drawn across the width of the container, just above the base. The letter 'A' is located in the upper left arm of the U. At the bottom center, there is a small rectangle. Dashed lines also connect the horizontal dashed line to the inner walls of the container arms.

Dimensioned drawing of a stepped shaft. The shaft has a total length of 11.18. The first section has a diameter of 12 and a length of 3.05. The second section has a diameter of 44. A feature 'A' is indicated on the first section.

[.08] 2.03
TYP.

Diagram of a beam with a triangular load. The beam has a total length of 12.19. A triangular load starts at 0.08 at the left end and increases linearly to 2.03 at the right end. The peak value of the load is 4.8.

Diagram illustrating a rectangular box with a horizontal dimension line at the bottom. The dimension line is labeled with a bracket containing $.34$ and a total length of 8.64 .

SEC. A-A

Technical drawing of a mechanical part, likely a bracket or support. The drawing shows a side view with a vertical dimension of 17.27 and a horizontal dimension of 68. The part has a rectangular base with a vertical flange on the left and a horizontal flange on the right. A dashed line indicates a hidden edge or a different view.
