

ISF SERIES FUSE HOLDERS

Description

ISF Series Panel Mount Fuse Holders are designed for 3AG Glass Style fuses to eliminate the possibility of electrical shock from the installed fuse, as defined in IEC standards 65 and 257. These Shock-Safe fuse holders feature a low profile body, finger-grip knob, and anti-tease feature that eliminates circuit interruption when knob is accidentally depressed. UL-listed and CSA Certified. Recognized under UL's Components Program.
